

D-CLEVER LADDER LEVELER

300 lbs.

*load capacity, user plus tools.

The **D-CLEVER Ladder Leveler** offers the lightest, easiest and fastest way to level your ladders!

Once your **D-CLEVER Connecting Plates** are installed on your ladder, simply clip-in your Ladder Leveler on the side that it's needed and you're ready for the job!

Do not carry unnecessary weight all day every day if you do not need to use a ladder leveler. **Being tired is one of the leading causes of accidents when using a ladder.**

One leveler can be used on multiple ladders, just buy and install an additional **D-CLEVER Connecting Plate kit** on your 2nd and 3rd ladder (or as needed) and increase your savings and your safety!

FEATURES

- Light weight Connecting Plates, only 0.56 lbs ea!
- Easy to use Ladder Leveler **Clip**.
- Fits most extension and combination ladders.
- Heavy Duty + Slip-resistant safety feet with steel ice pick plate.

LADDER LEVELER KIT INCLUDES:

- 1 x Ladder Leveler w/safety feet
- 2 x Connecting Plates
- Installation Hardware
- Installation & Operation Instructions
